This extraordinary volume holds the Guinness World Record for being the smallest commercially available book, a testament to the ingenuity and precision of its creators.

The Art of Micrography

The Knave of Hearts is a masterpiece of micrography, the intricate art of writing or printing in an exceptionally small scale. Each page of this tiny tome measures a mere 5x5 millimeters, requiring a magnifying glass or microscope to fully appreciate its contents. Yet, despite its diminutive size, the book contains 32 pages filled with the complete text of Lewis Carroll's beloved poem, "The Knave of Hearts."

The incredibly tiny text of the Knave of Hearts, a testament to the artistry and precision of micrography.

A Labor of Love and Dedication

The creation of the Knave of Hearts was a labor of love and meticulous craftsmanship. A team of skilled artisans, led by the renowned micrographer John Taylor, dedicated years to developing and perfecting the printing process. Using a specialized printing press and custom-made micro-type, they meticulously transferred the poem onto pages so small they could only be seen through a microscope.
